

Spring Updates!

Spring has been a busy and productive season here at **Elevate!**
Get to know the *incredible* people who make up the **Elevate** community and the progress we've made to *reimagine* treatment for those diagnosed with childhood cancer- together!

Jess Powell and her boys, Ty and Cohen, are ramping up their advocacy efforts for **Elevate** this summer!

Elevate *kids*

Spring faded into summer and our **Elevate *kids*** have leaped into action! **Sage's Lemonade Stand** set the stage for a solid summer of fundraising! You don't have to be an **Elevate *kid*** to be involved by donating or hosting your own summer fundraiser so that we can **'let *kids be kids.*'** We can do more, *faster* with your help! We are *grateful* for families like the Powells [above], that are joining us by using our new profile pictures-despite not being directly impacted by childhood cancer! And this just in... Jess is also hosting a virtual fundraiser this month, check it out on **Elevate's** *new* fundraising & event page on our website. We love this support!

Have you decided to be a difference maker with **Elevate** yet?

SARCOMA AWARENESS MONTH JULY

LET'S TALK **Elevate *kid*** FUNDRAISING RESULTS!!!

Kind Daring Loving

Dramatically Improve & Save the lives of those diagnosed with childhood cancer!

SAGE'S LEMONADE STAND

Thank you!

Meet Our Kids HERE

ELEVATE Kids

Elevate's IBRI Advocacy Day!

Thank you for making it possible to *activate* dozens of childhood cancer families, foundations, scientists & providers. The **Elevate's IBRI Advocacy Day** focused on *expediting* the development of *new* therapies for kids with cancer!

Jim Foote, from **First Ascent BioTech**, of Portland, OR, not only joined our **Elevate** community, but shared how we can *maximize* our impact together as we *reimagine* treatment for childhood cancer!
Marie Claire, from the **Indy Mirror**, covered this educational & fruitful day as well!

NEW

awareness & Elevate *kids* on
Building Bridges Blog

elevatechildhoodcancer.org

READ TODAY as Ayla, mom of Elevate *kid* Isaiah,
shares his life changing diagnosis of
Rhabdomyosarcoma and how faith played a role.

Have you met Isaiah yet?

Help us welcome our *newest* incredible **Elevate *kid*** we've recently introduced to our **Elevate** community. His mom, Ayla, shared recently on **Elevate's Building Bridges Blog** how their lives were turned upside down with their original diagnosis of **Rhabdomyosarcoma**. Our entire **Elevate** community has been devastated by the news of his recent relapse—a harsh reminder *why* our children need us to become **educated advocates & donate** our **time, talents** and **monetary donations** to translate into **more effective, less toxic** treatments for kids, just like Isaiah. Learn about his unique presentation of **Rhabdomyosarcoma** and the beautiful community that surrounds this faithful family.

Elevate CEO & Founder Receives the ICC Award!

 **INDIANA
CANCER
CONSORTIUM** *presents...*

Indiana Cancer Consortium's
Outstanding Contributions to
Cancer Control Individual Award

to

Robyn Spoon
CEO & Founder of **ELEVATE**
Childhood Cancer
Research & Advocacy

“Reflecting on the long process & strong collaborations that led to being recognized by the ICC, reminded me that **Elevate’s** mission of saving & improving the lives of those diagnosed with childhood cancer requires daily & informed effort.
It’s an honor to do the work.”

Discover how your contribution *expedites* this life saving work and *amplifies* the collective impact of the entire **Elevate** community, of which we are *honored* to have you as a vital part.

Upcoming

What coming up for the rest of this summer? **Elevate** will launch its first ever webinar! The topic?

'You Have Permission for a Second Opinion'

Within our **Elevate workgroups**, this high-demand topic was chosen because it applies to all types of childhood cancer. The invitation extends to anyone who would like to learn more about getting a second opinion!

Sarcoma Awareness Month jumpstarts this season of awareness & fundraising. Next up is **Elevate's first major** in-person fundraising event during **September's Childhood Cancer Awareness** month.

We've got work to do, and we need *your* help!

ELEVATE's First Webinar

COMING SOON...

'You Have Permission for a Second Opinion'

HEAR FROM EXPERTS & PACs (Patient/Advocate(s)/Caregiver(s)) as we approach this topic that is relevant to everyone- not just those impacted by childhood cancer.

Stay tuned for more info!

ELEVATE

Childhood Cancer
Research and Advocacy

elevatechildhoodcancer.org

Join **Elevate** as we *reimagine* treatment for children diagnosed with childhood cancer and *'let kids be kids.'*

Are **YOU** ready to get more involved with **Elevate** as we lead the way to collaborate, *educate advocates* and *empower* all stakeholders to be *more effective* for those diagnosed with childhood cancer?

THANK YOU!

Visit us on YouTube!

July is **Sarcoma** Awareness Month; see the many faces of those impacted by **Rhabdomyosarcoma** within our **Elevate** community when you check out our latest addition to our **YouTube Channel** today. **#ElevateRhabdo** **#ElevateChildhoodCancer** **#ElevateKids**

Together, we can make a difference.

Elevate relies on your donations to accomplish our mission to reimagine treatment for childhood cancer and provide hope for future generations.
